San Ramon Valley Genealogical Society

Vol. XXXIII No. 5 November - 2017

---

**THIS MONTH – November 21, 2017**

**"The Old Northwest Territory "**

**Presented by: Pamela Dallas**

The creation of the northwest territory eventually defined and created the states of Ohio, Indiana, Illinois, Michigan, Wisconsin and a portion of Minnesota. And through the Northwest Ordinance of 1787, laws and practices were established that would help create and govern the entire country. Every state, those already in existence and those created after the northwest territory were shaped by the Northwest Ordinance of 1787.

Pamela has enjoyed conducting personal and client research for more than 25 years using a wide variety of repositories and record sources. She has presented genealogy lectures at national conferences and one day seminars as well as local society meetings. Pamela's genealogical focus is Midwest research, methodology and unique record sources. She is a member of the National Genealogical Society, Genealogical Speaker's Guild, and the Association of Professional Genealogists. ■

**From the October Meeting**

**"Workshop: Making a  
Family Research Video"**

**Presented by: Dr. Jan M. Ahrens**

**Reported By: Russ Erickson**

Make family history and genealogy palatable for non-genealogists. One can spotlight the most interesting ancestors, include documents and pictures in a video and include family members, grandparents, etc., using audio, with music intros.

Apple has thousands of non-copyright free

music. *imovie* is also useful. You can concentrate on military, immigration, a country or part of the world, family lore proofs, occupations, and special history events. You could also plan a video around family heirlooms.

Dr. Ahrens's average video is 10 to 12 minutes, and ranges from 6 to 20 maximum ►

for keeping attention of the audience.

A digital book can be made, with hot links to brief videos. Our genealogy should go out to the world as books or videos to preserve all our work. Using grandchildren as speakers engages them in family history interest. Determine your topic as noted above; consider period music for transitions. Identify your audience--is it relevant for them? Writing out your video can reveal areas needing work. Use data you already have; doing new research will take time and detour you. Use family tree, documents, pictures, maps, keepsakes, etc. You can use Google images, curated historical events, pictures of historical houses, ships, ethnicity, etc. For immigration patterns, include reasons, disasters, pictures of early villages from the internet.

Always consider COPYRIGHTS! Look for public domain, copyright free, usage rights, or labeled for re-use .

Check Wikipedia.org, Flickr.com, Morguefile.com, Pixabay, Unrestricted stock.com. ►

Hearthstone-bio histories, Hatthi trust, etc.

File your visual elements in a video dedicated folder, and number each item going into the video. In writing your script, include an introduction and conclusion. Identify items you have that might make it more interesting. Highlight interesting facts.

Use visual software, either Mac or PC. Use transitions between images and cue to changing subjects. Crop images, use zoom, include fun elements and family member voices. Recreate old photos with current family members in outfits and poses. Scripts can be recorded in one sitting or in small pieces (it is easier to change and manipulate). Music intros and outros help. Add sound effects where appropriate. Edit as needed.

You can upload videos to You Tube, Google Drive, and Family Search. Check Audacity (<http://www.audacityteam.org/>) for free software. For PC, GoPro, MovieMaker. On line, there is You Tube Video Editor, and other pay versions.

Do videos in an area without background noise! You need quiet. Set a time goal to do your first.

## Reminder – Intro to Genealogy “Bag Lunch” Session Tuesday, Nov. 21, 2017.

The next session of our popular *Intro to Genealogy* series will be held after the general meeting at the Danville Family History Center. During this session we will review previous topics, answer questions and discuss the next step to organized research. Bring any family information and questions. Assistance will also be available to help with the History Center Library if needed.

Anyone (members, friends, family) interested in genealogy is welcome to attend these free sessions. So bring your bag lunch, stay after the general meeting and pick-up some tips to aid in your genealogy research. ■

## President's Message

By Ted Shapas

Thanks go out to the SRVGS team for setting up and manning several tables at the recent Family History Discovery Day in Danville. I'm probably missing some names, but the list of volunteers includes **Gay Scott, Bill**

**& Diane George, Sande Burns, Steve Watty, Carol & Garl Satterwaite, Judy Gustafson, and Russ and Patty Erickson.** You will find photographs of the event in our Photo Album at: [http://srvgensoc.org/photo\\_album/discovery\\_day\\_2017.html](http://srvgensoc.org/photo_album/discovery_day_2017.html)

The event was well organized and attended, and with a wide array of genealogy-related subjects addressed through talks and displays. Kudos for pulling this together to our Family History Center friends, **Teresa Coons and Chris Engstrom!**

We have two volunteer opportunities for those wishing to help our Society. Our Program Committee is looking for one more person to work on our monthly programs. As **Wayne Mortensen** often says, being part of this committee is a great way to interact with outstanding, local genealogy talents. Please see Wayne or **Karen Olynger** for more information. A very important feature of our monthly meetings is our audio-visual system. **Bob Venter** has been keeping this on track for a good long time, but is deservedly looking for a replacement. If you have A/V technology skills, or want to learn some - please see Bob for details. And speaking of volunteers, many thanks to **Alice Ganley** for becoming our new Recording Secretary!

For those of you who frequent the Heritage Collection at the Pleasant Hill Library, a heads-up. This library will be closing and torn-down (date TBD) and will be rebuilt as a smaller, community library. At this time it's not clear where the Heritage Collection will go, although it's pretty clear that it won't be in Pleasant Hill. You can read more about this collection here: <http://guides.ccilib.org/genealogy/>. ■
